### Product Description

Meet the FuelFlex Work Men's Blue Athletic Shoe combines effortless comfort and high energy performance for your workday. Reebok's innovative and long-lasting FuelFlex Midsole keeps its form for the long distances at work while providing lightweight cushion combined with extreme flexibility and traction in the outsole.

### Product Features

ASTM 2413, Composite Toe, Electrical Hazard Protection, SD 10, Slip Resistant (SRO), Metal Free

### Bullet Points

- FuelFlex slip resistant rubber outsole provides traction and flexibility due to splits in the rubber outsole
- Targeted foam panels at the tongue and collar provide additional comfort and support
- Insite Lux Sock Liner for extra comfort
- Brand new Geometric FuelFlex midsole creates an all-day comfort and all-day energy underfoot experience like no other while reducing weight and giving more energy return with every step.
  - XTR® Extra Wide Toe Caps protect your toes without crowding and constricting your toes from moving freely and fully.
  - Memory Tech Memory Foam Removable Footbed cushions with every step
